Plano, TX, February 19, 2025 – Cinemark Holdings, Inc. (NYSE: CNK), one of the largest and most influential theatrical exhibition companies in the world, today reported results for the three months and full year ended December 31, 2024.

“The enduring and timeless consumer appeal of shared, cinematic experiences that movie theaters uniquely provide was reinforced once again in 2024 as North American industry box office of approximately \$8.8 billion far exceeded expectations and delivered multiple all-time records,” stated Sean Gamble, Cinemark’s President and CEO. “On better-than-expected industry performance, Cinemark delivered outsized box office proceeds and solid overall financial results driven by an intense focus on disciplined operational execution and the sustained impact of our strategic initiatives. Based on the strength of our company and our positive future outlook, we are thrilled to reinstate our annual cash dividend at \$0.32 per share, which marks another major milestone in our recovery from the pandemic and reflects our ongoing commitment to creating long-term value for all shareholders.”

(1) Constant currency amounts, which are non-GAAP measurements, were calculated using the average exchange rate for the corresponding month for 2023. We translate the results of our international reportable segment from local currencies into U.S. dollars using currency rates in effect at different points in time in accordance with U.S. GAAP. Significant changes in foreign currency exchange rates from one period to the next can result in meaningful variations in reported results. We are providing constant currency amounts for our international reportable segment to present a period-to-period comparison of business performance that excludes the impact of foreign currency fluctuations.

Adjusted EBITDA is a non-GAAP financial measure commonly used in our industry and should not be construed as an alternative to net income (loss) as an indicator of operating performance or as an alternative to cash flow provided by operating activities as a measure of liquidity (as determined in accordance with GAAP). Adjusted EBITDA may not be comparable to similarly titled measures reported by other companies. We have included Adjusted EBITDA because we believe it provides management and investors with additional information to measure our performance and liquidity, estimate our value and evaluate our ability to service debt. In addition, we use Adjusted EBITDA for incentive compensation purposes. A reconciliation of net income to Adjusted EBITDA is provided below.
