MAY 24, 2018 AT 9:00 A.M. CENTRAL DAYLIGHT TIME

CINEMARK WEST PLANO THEATRE, 3800 DALLAS PARKWAY, PLANO, TEXAS 75093

LETTER FROM OUR CHIEF EXECUTIVE OFFICER

Dear Cinemark Stockholders:

On behalf of the Board of Directors (the "Board"), I would like to invite you to the 2018 annual meeting of stockholders (the "Annual Meeting") of Cinemark Holdings, Inc. to be held at our West Plano Theatre located at 3800 Dallas Parkway, Plano, TX 75093 on May 24, 2018 at 9:00 a.m. CDT. The accompanying formal notice and proxy statement set forth the details regarding admission and the business to be conducted at the Annual Meeting.

Our dedicated and talented employees have delivered yet another year of solid performance following record-breaking results in both 2015 and 2016. During 2017, we achieved our third consecutive year of all-time highs across our global platform, including records in each of our revenue categories, net income and Adjusted EBITDA. We attained these record financial results in an industry box office environment that slightly declined year-over-year. This success reiterates the consistency of our operations and successful execution of our strategic initiatives.

Our Board continues to fulfill its critical mission of providing active engagement and oversight of the Company's strategy, capabilities, leadership and risk management to ensure the Company is well-positioned to continue creating value for our stockholders. In 2017, we added a new independent director to the Board which enhanced and strengthened the diversity of skill sets represented on the Board. Also in 2017, the Board adopted a stock ownership guideline for directors and key members of management to continue to promote the Company's commitment to sound corporate governance.

I would like to personally thank you for your continued investment in Cinemark and sincerely hope that you will be able to attend the Annual Meeting in person.

YOUR VOTE IS VERY IMPORTANT TO US. Whether or not you plan to attend the Annual Meeting, I urge you to please cast your vote as soon as possible via the Internet, telephone or mail.

Warm regards,

Upon Ms. Loewe's election, our Board is comprised of 10 members, the majority (7 members) of which are independent.

Item 2. Ratification of the Appointment of Deloitte

The Audit Committee has appointed and the Board has ratified the appointment of Deloitte & Touche LLP (collectively, "Deloitte") as the Company's independent registered public accounting firm for 2018. As a matter of good corporate governance, we are seeking stockholder ratification of the appointment of Deloitte. If the stockholders do not ratify the appointment of Deloitte, the Audit Committee may review its future selection of auditors.

One or more representatives of Deloitte are expected to be present at the Annual Meeting. They will have an opportunity to make a statement if they so desire and will be available to answer appropriate questions.

We paid the following fees (in thousands) to Deloitte for professional services rendered by them during 2017 and 2016, respectively:

Fees	2017		2016	
Audit	\$	1,784.9	\$	1,640.1
Audit Related	\$	6.6	\$	82.5
Tax ⁽¹⁾	\$	145.5	\$	283.9
Other	\$	-	\$	-
Total	\$	1,937.0	\$	2,006.5

(1) Fees primarily include transfer pricing studies and tax compliance services.

Item 3. Non-binding, Advisory Vote on Executive Compensation

Annually, the Company requests a non-binding advisory vote from our stockholders on the compensation paid to our named executive officers (the “NEOs”) for and during the prior year. Our executive compensation package is targeted towards retention of talent and motivating performance with appropriate risk-taking.

At the annual meeting of stockholders held in May 2017, approximately 90% of our stockholders present in person or represented by proxy and entitled to vote at the annual meeting approved our executive compensation program and the compensation paid to our NEOs for 2016 (the “2016 say-on-pay”). The Compensation Committee reviewed the results of the 2016 say-on-pay vote. Given the high stockholder approval, the Compensation Committee did not make any changes to the structure of our executive compensation program but calibrated it to better align with our compensation philosophy.

Company Performance Highlights in 2017:

In 2017, we delivered another year of record financial growth in a challenging industry box office environment

We had our third consecutive year of worldwide record results, including records in each of our revenue categories, net income and Adjusted EBITDA. In addition, we returned \$135.1 million to our stockholders in the form of cash dividends.

**ONE-YEAR GROWTH
FYE 2016 - FYE 2017**

¹ Attributable to Cinemark Holdings, Inc.

² Includes impact of new tax reform legislation enacted in December 2017 and effective beginning with 2017.

³ See footnote 18 to the Company’s 2017 Form 10-K for reconciliation of net income to Adjusted EBITDA.

In 2017, our domestic year-over-year box office growth outperformed our peers and over-indexed the North-American industry by 90 basis points for the full year, in spite of having an average of 148 screens closed per day over the course of the year due to recliner conversions. We have now surpassed the North-American industry box office 8 out of the past 9 years, further exemplifying our consistent financial performance. Internationally, in 2017, despite challenging headwinds from a reduced volume of animated content and local product, our international admission revenues grew by nearly 7%.

Our strong global results are a result of our consistent operational excellence, disciplined investments, prudent decision-making and consumer-minded growth initiatives. Our key accomplishments for 2017 included not only record financials but also implementation of certain strategic initiatives. We focused on creating an

extraordinary guest experience and invested in our theatres, which sustained our consistent industry-leading results. Some of our key initiatives in 2017 included:

- Doubling our recliner footprint to 45% of our domestic circuit;
- Enhancing our food and beverage offerings for an enriched guest experience leading to an exceptional 8.7% increase in our worldwide concession revenues per patron;
- Building our XD brand, the #1 private label premium large format in the world, with 242XD-branded screens, which generated 8.6% of our worldwide box office on just 4.1% of our screens, an all-time high;
- Successfully launching our MovieClub subscription program in the United States;
- Growing our worldwide loyalty programs to nearly 7.5 million members;
- Adding 56 net screens globally, resulting in 5,959 screens across 16 countries

We have had a consistent growth pattern over the past five years

Our consistent financial performance over the past five years has enabled us to continue our leadership in the motion picture exhibition industry. The Company's growth over the past five years in key categories were as follows:

**FIVE-YEAR GROWTH
FYE 2012 - FYE 2017**

¹ Attributable to Cinemark Holdings, Inc.

² Includes impact of new tax reform legislation enacted in December 2017 and effective beginning with 2017.

³ See footnote 18 to the Company's 2017 Form 10-K for reconciliation of net income to Adjusted EBITDA.

Executive Compensation Highlights for 2017:

Our executive compensation program is designed to achieve the following key objectives:

- Attract and retain top talent;

[Table of Contents](#)

- Pay for performance, and
- Balance rewards for performance and risk-taking

Some of the compensation “best practices” we employ to achieve the above objectives include:

What We Do	What We Do Not Do
Provide a base salary competitive in the industry and a robust compensation risk assessment process	Reward imprudent risk-taking
Deliver a majority of executives’ target total direct compensation in the form of variable, “at-risk,” performance-based compensation	Provide “single trigger” provisions in our employment agreements for change in control
Utilize performance-based equity	Provide excise tax gross-ups for change in control payments
Align management and stockholder interests through stock ownership guidelines	Offer deferred compensation
Prohibit executives from engaging in hedging transactions in Cinemark stock or pledging Cinemark stock	Agree to golden parachutes
Prohibit holding Company securities in accounts	Offer pension benefits
Conduct annual “say-on-pay” stockholder advisory votes	Provide excessive perks

Driving Performance, Raising the Bar

A core principle of our compensation philosophy is to ensure that our program is calibrated to deliver industry-leading performance outcomes. Coming off numerous years of industry outperformance, the Compensation Committee determined that certain modifications in terms of increasing performance goals were warranted to continue the Company’s focus on delivering exceptional financial results. The changes highlighted below focus on adjustments to our performance goals (short and long-term) and associated performance leverage that “raised the bar” in 2017 compared to 2016.

- Cash Bonus:
 - Increasing maximum performance goal as percentage of target goal from 105% of Adjusted EBITDA target to 108% (110% for CEO) of target while maintaining maximum bonus payout at 150% of individual target

The graded scale of the cash bonus payout structure for 2017 was as follows:

* For Mr. Zoradi, 110% of Target Adjusted EBITDA.

- Long-term Equity Incentive Awards:
 - Increasing internal rate of return (“IRR”) goals for performance-based awards at threshold (+1%), target (+1.5%) and maximum (+3%) while maintaining maximum payout at 150% of target

The IRR goals for the 2017 awards, as compared to those for the 2016 awards, are as follows with straight-line interpolation used to determine payout between threshold, target and maximum goals:

Performance Metric and Payout	Goals		
	Threshold	Target	Maximum
IRR	2017	7.0%	13.0%
	2016	6.0%	10.0%
Percentage of Individual Target Payout	50%	100%	150%

- Reducing time-based portion of CEO’s long-term equity incentive awards in favor of performance-based – long-term equity incentive awards mix adjusted from 50% time-based/50% performance-based to 25% time-based/75% performance-based; and
- Increasing target long-term equity incentive awards (as percentages of base salary) for Messrs. Zoradi, Gamble and Cavalier

In conjunction with the adjustments noted above, Cinemark continued to maintain a strong emphasis on variable compensation as evidenced by the target total compensation mix for 2017 displayed below for our Chief Executive Officer (“CEO”) and other NEOs.

The mix of the variable and fixed components of compensation for the NEOs for 2017 were as follows:

	Variable Components	Fixed Components
CEO	75%	25%
All NEOs (except CEO)	61%	39%

NEO compensation highlights for 2017:

Base Salary:

To better align with market median standards, the Compensation Committee approved the following base salaries and increases for 2017 for each of the NEOs:

NEO	Base Salary		Change
	2017	2016	
Lee Roy Mitchell, <i>Executive Chairman</i>	\$ 958,645	\$ 930,723	3%
Mark Zoradi, <i>CEO</i>	\$ 950,000	\$ 816,000	16%
Sean Gamble, <i>COO and CFO</i>	\$ 525,000	\$ 482,040	9%
Michael Cavalier, <i>General Counsel</i>	\$ 500,000	\$ 462,264	8%
Valmir Fernandes, <i>President-Cinemark International</i>	\$ 508,000	\$ 493,782	3%

Cash Bonus:

Cash Bonus Targets of NEOs:

Bonus payouts for all NEOs, except for Mr. Fernandes, President-Cinemark International, are based 100% on worldwide Adjusted EBITDA. Mr. Fernandes’ bonus weighting is a 50%/50% split between worldwide and international Adjusted EBITDA.

The cash bonus target as a percentage of the respective base salary remained the same for each NEO, except for Mr. Gamble. The Compensation Committee raised the target for Mr. Gamble from 75% to 85% of his base salary based on his outstanding performance since his hiring in 2014, market norms and internal pay equity.

The cash bonus weightings and the individual targets (as percentages of base salaries) for 2017 and the individual targets for 2016 for each of the NEOs is provided in the following table.

NEO	Bonus Weighting		Target (Percentage of Base Salary)	
	Worldwide	International	2017	2016
Lee Roy Mitchell	100%	-	100%	100%
Mark Zoradi	100%	-	100%	100%
Sean Gamble	100%	-	85%	75%
Michael Cavalier	100%	-	85%	85%
Valmir Fernandes	50%	50%	85%	85%

Cash Bonus Payouts to NEOs:

The Company's Adjusted EBITDA for purposes of the cash bonus payout was certified by the Compensation Committee to be \$728.6 million. The actual payout of the cash bonus for each NEO was as follows:

NEO	Actual Payout	
	(Percentage of Individual Target)	Amount
Lee Roy Mitchell	148.8%	\$ 1,426,464
Mark Zoradi	139.0%	\$ 1,320,500
Sean Gamble	148.8%	\$ 664,020
Michael Cavalier	148.8%	\$ 632,400
Valmir Fernandes	124.7%	\$ 538,455

Long-term Equity Incentive Awards:

The target long-term equity incentive awards (as percentage of base salary) in 2017 as compared to 2016 were as follows:

NEO	Target Fair Market Value (Percentage of Base Salary)	
	2017	2016
Lee Roy Mitchell	N/A	N/A
Mark Zoradi ⁽¹⁾	225%	200%
Sean Gamble	150%	125%
Michael Cavalier	135%	125%
Valmir Fernandes	125%	125%

(1) Mr. Zoradi was awarded a special equity grant of performance shares issued as restricted stock units (\$400,000) for his service as the CEO in 2015. The percentage for 2016 does not include the value of the special grant.

ITEM ONE — ELECTION OF DIRECTORS

Composition of the Board

Our Board is currently comprised of 10 members. The size of the Board may be fixed from time to time exclusively by our Board as provided in our Certificate of Incorporation. Our Certificate of Incorporation also provides that our Board consists of three classes of directors, designated as Class I, Class II and Class III. The members of each class are elected to serve a three-year term, with the terms of office of each class ending in successive years.

Changes in the Board during 2017

Effective May 25, 2017, the Board elected Ms. Nancy Loewe to the Board to fill Mr. Don Soderquist's vacancy, who passed away in 2016. Ms. Loewe was elected as a Class I director.

Board Diversity and Director Qualifications

Our Fourth Amended and Restated Corporate Governance Guidelines ("Corporate Governance Guidelines") contain membership criteria for a position on our Board. The Board has not adopted a formal diversity policy but pursuant to the Corporate Governance Guidelines, the Board broadly construes diversity to mean diverse background, education, skills, age, expertise with a proven record of accomplishment and the ability to work well with others. The Nominating and Corporate Governance Committee (the "Governance Committee") of the Board which is responsible for nominating members to the Board, does not assign specific weight to any particular factor when evaluating candidates for potential Board nominations. The Board, in selecting members, takes into account such factors as it deems appropriate, which may include the current composition of the Board, the range of talents, experiences and skills that would best complement those already represented on the Board and the need for financial or other specialized expertise. The Board seeks to achieve a mix of members whose experience and backgrounds are relevant to the Company's strategic priorities and the scope and complexity of the Company's business.

Nominations for Election to the Board

The Governance Committee of our Board receives nominations for Board members which it evaluates based on the standards, qualifications and diversity criteria set forth by the Board in the Corporate Governance Guidelines. The Governance Committee annually evaluates the criteria for the selection of new directors and recommends any proposed changes to the Board. Although the Board retains ultimate responsibility for approving candidates for election, the Governance Committee conducts the initial screening and evaluation process. In doing so, the Governance Committee considers candidates recommended by the directors, the CEO and the Company’s stockholders. The Governance Committee also has the authority, to the extent it deems appropriate, to retain one or more search firms to be used to identify director candidates.

While typically the Governance Committee recommends candidates to the full Board, under the director nomination agreement which we entered into on April 9, 2007 with certain of our then current stockholders (the “Director Nomination Agreement”), the Mitchell Investors (as defined in the Director Nomination Agreement) have a right to designate two nominees to the Board. The nominees of the Mitchell Investors however, must fulfil the membership criteria set by the Board. Currently, Messrs. Mitchell (Class III) and Sepulveda (Class II) are the nominees of the Mitchell Investors.

Table of Contents

All candidates nominated for election or re-election to the Board should possess the following qualifications:

- high personal and professional ethics, integrity, practical wisdom, and mature judgment;
- broad training and experience at the policy-making level in business, government, education, or technology;
- expertise that is beneficial to the Company and complementary to the background and experience of other Board members;
- willingness to devote the required amount of time to carrying out duties and responsibilities of Board membership;
- commitment to serve on the Board over a period of several years to develop knowledge about the Company's principal operations; and
- willingness to represent the best interests of all stockholders and objectively appraise management performance.

To recommend a candidate for election to the Board for the 2019 annual meeting of stockholders, a stockholder must submit the following information to the Company Secretary no later than 90 and no earlier than 120 days in advance of the anniversary date of this Annual Meeting:

- the name and address of the stockholder of record and the beneficial owner, if any, on whose behalf the proposal is made;
- a representation that the stockholder intends to appear in person or by proxy at the annual meeting;
- the number of shares of capital stock of the Company that are owned beneficially and of record by such stockholder and the beneficial owner, if any, on whose behalf the nomination is made;
- a description of any arrangements or understandings between the stockholder, the beneficial owner and the nominee or any other person (including their names);
- the name, age, business and residential addresses of the stockholder's nominee for director;
- the biographical and other information about the nominee (including the number of shares of capital stock of the Company owned beneficially or of record by the nominee) that would be required to be included in a proxy statement filed pursuant to the proxy rules of the Securities and Exchange Commission ("SEC"); and
- the nominee's consent to be named as a nominee and to serve on the Board.

Candidates recommended by stockholders will be evaluated on the basis of the same qualifications discussed above as candidates recommended by existing directors and the CEO.

Annual Meeting Slate

The terms of the current Class II directors, Ms. Antonellis, Messrs. Sepulveda and Zoradi expire at the Annual Meeting. All three directors have been recommended by the Governance Committee and nominated by the Board for re-election at the Annual Meeting.

Each of Ms. Antonellis, Messrs. Sepulveda and Zoradi has consented to be nominated for re-election to the Board as a Class II director. If elected, they will serve on the Board for a three-year term expiring on the date of our 2021 annual meeting of stockholders. At this time, we have no reason to believe that either Ms. Antonellis, Mr. Sepulveda or Mr. Zoradi will be unable or unwilling to serve if elected. However, should any of them become unavailable or unwilling to serve before the Annual Meeting, your proxy card authorizes us to vote for a replacement nominee if the Board names one.

CORPORATE GOVERNANCE

We are governed by our Board, which, in turn, appoints executive officers to manage our business operations. The Board oversees our executive management, reviews our long-term strategic plans and exercises oversight over all major decisions.

Board Leadership Structure

We believe that a key factor in a company's performance is a leadership structure that provides a balance between independent oversight by an engaged Board and day-to-day operations by management to implement the Board's strategic vision. To achieve this balance, we have split the roles of the Chairman of the Board and the CEO such that the Board is separated from the day-to-day operations of the Company.

In addition to the separation of the positions of the Chairman of the Board and the CEO, the Board has a lead independent director, which role provides leadership and an organizational structure to the non-management directors. The position of the lead independent director has the following significant authority and responsibilities under our Corporate Governance Guidelines:

- to act as a liaison between the non-management directors and the Company's management;
- to call meetings of non-management directors;
- chair the executive sessions of non-management directors;
- chair Board meetings when the Chairman is not present;
- consult with the Chairman and the CEO and approve the schedules, agendas and information provided to the Board for each meeting;
- be available for consultation and communication with stockholders upon request; and
- provide the Chairman and the CEO with the results of the Board's annual performance review.

Board's Role in Risk Oversight

Responsibility for risk oversight rests with the Board. The Board has oversight responsibility of the processes established to identify, report and mitigate material risks applicable to the Company. The Board approves management's policies related to key risk areas and provides input to management regarding risks and the appropriateness of management's response. The Board also approves actions relating to our capital structure, annual operating budget and material acquisitions. While the Board considers risk in all its decisions, it also recognizes that appropriate and measured risk-taking may be required for the Company to retain its competitiveness, and thus increase stockholder value.

The Board implements its risk oversight function both as a whole and through delegation to certain Board committees.

The Board has delegated its oversight responsibility with respect to financial and accounting risks to the Audit Committee. The Audit Committee periodically discusses with management the Company's major financial risk exposures and the Company's risk assessment and risk management procedures. On a periodic basis, management provides the Audit Committee an update on key risks and the processes and systems of internal control to manage the risks. As deemed appropriate, the Chair of the Audit Committee reports to the full Board regarding material risks.

The Compensation Committee reviews the executive compensation program to ensure that the design of the program does not encourage excessive risk-taking. See Compensation Risk Assessment section of the Compensation Discussion and Analysis (the "CD&A") for more detail on how the Compensation Committee mitigates risk without diminishing the incentive nature of our compensation program. It also reviews succession plans to ensure the Company has appropriate practices in place to support the retention and development of the talent necessary to achieve the Company's business goals and objectives.

Risks associated with governance structure and processes are managed by the Governance Committee of the Board. On an ongoing basis, the Governance Committee reviews the regulatory developments related to corporate governance and advises the Board accordingly.

In order to provide oversight of the risks associated with strategic planning and business development initiatives, the Board has established two additional committees, the Strategic Long-Range Planning Committee and the New Ventures Committee. The Strategic Long-Range Planning Committee assists management in the analysis of alternative strategic options and reviews with management key industry and market issues and external developments impacting the Company. The New Ventures Committee monitors the strategic direction of the Company. It evaluates new development programs or business growth and diversification opportunities within established strategic plan targets and applicable regulatory boundaries.

With the assistance of legal counsel to the Company, the Governance Committee has reviewed the NYSE standards for Board and committee member independence.

With the assistance of the Company's legal counsel, the Governance Committee and the Board reviews the NYSE standards for Board and committee member independence. On the basis of this review, the Board has affirmatively determined, in its business judgment, that (a) the majority of the Board was, and continues to be, independent, (b) each of Mmes. See the compensation tables beginning on page 41 for the compensation paid to Messrs. Mitchell and Zoradi.

[Table of Contents](#)

In early 2017, Pearl Meyer, our independent compensation consultant, was engaged to conduct a competitive market assessment of our director compensation program. To better align with market median practices and to reflect the intensifying workload for directors, increases were adopted for our Lead Independent Director (\$25,000 to \$35,000), Compensation Committee Chairperson (\$10,000 to \$15,000), and members of both the Compensation (\$5,000 to \$10,000) and Governance (\$5,000 to \$7,500) Committees. The base director retainer and retainers associated with the other committees remain unchanged. Each non-employee director received the following annual cash retainers, as applicable, for services as a Board member during 2017:

- (a) a base director retainer of \$60,000;
- (b) additional retainer of \$35,000 for the non-employee director who serves as the lead independent director;
- (c) additional cash retainer for services on the committees as follows:

Committee	Chairperson	Member
Audit	\$ 20,000	\$ 10,000
Compensation	\$ 15,000	\$ 10,000
Governance	\$ 10,000	\$ 7,500
Strategic Long-Range Planning	\$ 10,000	\$ 5,000
New Ventures	\$ 10,000	\$ 5,000

Annual cash retainers are paid in four equal quarterly installments at the end of each quarter for services rendered during the quarter. All directors are reimbursed for travel related expenses incurred for each Board meeting they attend.

In addition to the annual cash retainers, the non-employee directors received an annual grant of restricted stock valued at \$115,000 which was increased from \$110,000. The number of shares of restricted stock issued was determined by dividing \$115,000 by the closing price of Common Stock on the grant date, rounded down to the nearest whole share. The initial award and each annual award generally vest on the first anniversary of the grant date subject to continued service to the Company through the vest date.

The following table sets forth summary information regarding the compensation of our non-employee directors for 2017.

Name	Fees Earned or Paid in Cash ⁽¹⁾	Stock Awards ⁽²⁾	All Other Compensation ⁽³⁾	Total
Darcy Antonellis	\$ 70,000	\$ 114,968	\$ 3,515	\$ 188,483

Nancy Loewe	\$ 42,115	\$ 114,968	\$ 1,637	\$ 158,720
Steven Rosenberg	\$ 80,000	\$ 114,968	\$ 3,515	\$ 198,483

See footnote 14 to the Company’s 2017 Form 10-K, for discussion of the assumptions used in determining the grant date fair values of these share based awards, including forfeiture assumptions and the period over which the Company will recognize compensation expense for such awards.

At December 31, 2017, each of the directors owned 2,822 shares of restricted stock. See *Security Ownership of Certain Beneficial Owners and Management* table on page 55 for total stock ownership of each of the directors.

Stock Ownership Guideline:

Under the Guideline, a non-employee director has to retain Common Stock ownership equal in value to at least five times the value of the director’s annual cash retainer for that year. Each director must satisfy his or her applicable Guideline level within five years from the date of adoption of the Guideline. The Common Stock that counts towards satisfaction of the Guideline include Common Stock owned outright, Common Stock held in trust for the benefit of the director or his or her family member residing in the same household, unvested restricted stock or performance-based awards that have been earned based upon certification by the Compensation Committee but are subject to further time-based vesting.

ITEM TWO — RATIFICATION OF THE APPOINTMENT OF DELOITTE AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR 2018

The Audit Committee has appointed and the Board has ratified the appointment of Deloitte as the Company’s independent registered public accounting firm for 2018. As a matter of good corporate governance, we are seeking stockholder ratification of the appointment of Deloitte. If the stockholders do not ratify the appointment of Deloitte, the Audit Committee may review its future selection of auditors. Even if the selection is ratified, the Audit Committee in its discretion may direct the appointment of a different independent registered public accounting firm at any time during the year if the Audit Committee believes that such a change would be in the best interests of the Company and its stockholders.

One or more representatives of Deloitte are expected to be present at the Annual Meeting. They will have an opportunity to make a statement if they so desire and will be available to answer appropriate questions.

Unless marked to the contrary, proxies received will be voted “**FOR**” ratification of the appointment of Deloitte as the independent registered public accounting firm for 2018.

OUR BOARD UNANIMOUSLY RECOMMENDS THAT STOCKHOLDERS VOTE FOR RATIFICATION OF THE APPOINTMENT OF DELOITTE AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR 2018.

ITEM THREE — ANNUAL ADVISORY VOTE ON EXECUTIVE COMPENSATION

Our Board believes that we have created a compensation program that is tied to performance, aligns with stockholder interests and merits stockholder approval. Accordingly, we are seeking approval of the compensation paid to our NEOs for 2017 as disclosed in this proxy statement in the CD&A, the compensation tables and the narrative discussion following the compensation tables.

At the annual meeting of stockholders held in May 2017, approximately 90% of our stockholders present in person or represented by proxy and entitled to vote at the annual meeting approved the 2016 say-on-pay. The Compensation Committee reviewed the results of the 2016 say-on-pay vote. Given the high stockholder approval, the Compensation Committee did not make any changes to the structure of our executive compensation program but calibrated it to better align with our compensation philosophy.

COMPENSATION DISCUSSION AND ANALYSIS

The CD&A provides information on our executive compensation program and the amounts shown in the executive compensation tables that follow. It details our compensation philosophy, the structure of the compensation program and the ways in which the philosophy is implemented generally, as well as, specifically for individual performers.

EXECUTIVE SUMMARY

We delivered in 2017 our third consecutive year of all-time highs across our global platform

On the heels of our record-breaking performance in both 2015 and 2016, we achieved another year of record financial results. Our domestic operations over-indexed the North American industry box office by 90 basis points for the full year, in spite of having an average of 148 screens closed per day over the course of the year due to recliner conversions. Internationally, in 2017, despite challenging headwinds from a reduced volume of animated content and local product, our international admission revenues grew by nearly 7%.

**ONE-YEAR GROWTH
FYE 2016 - FYE 2017**

¹ Attributable to Cinemark Holdings, Inc.

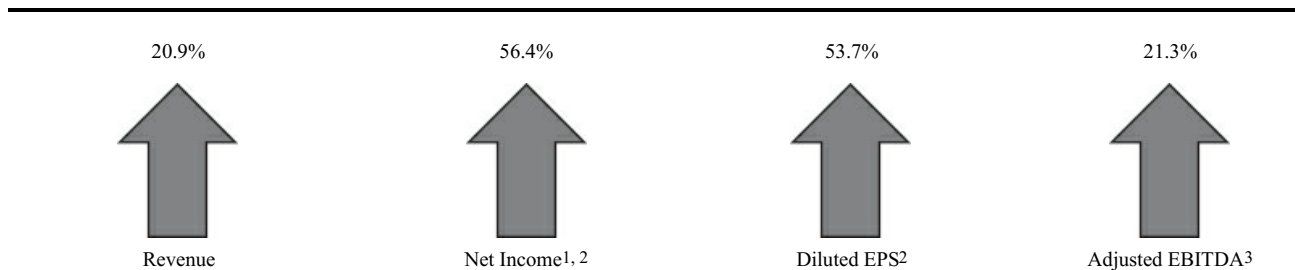

² Includes impact of new tax reform legislation enacted in December 2017 and effective beginning with 2017.

Our financial results over the past five years indicate solid performance and long-term growth

The achievements in 2017 mark 8 out of the past 9 years of industry outperformance and exemplifies our consistent financial performance. The chart below provides Cinemark's growth in key financial categories over the past 5 years:

Our return to stockholders relative to our Theatre Peers has been strong over the past five years

We compare our Total Stockholder Return (“TSR”) against our direct competitors in the movie exhibition industry (referred to as the “Theatre Peers”). Our Theatre Peers for 2017 included the three publicly-held companies in our industry, namely, Regal Entertainment Group (RGC), AMC Entertainment Holdings, Inc. (AMC) and IMAX Corporation (IMAX). For purposes of evaluating our fiscal performance over five years as of FYE 2017, we believe that this peer group is an appropriate benchmark since we directly competed with these companies for business and investor capital. As compared to our Theatre Peers, our TSR (with dividends reinvested) for the one-year and cumulative three-year and cumulative five-year periods as of FYE 2017 has been as follows:

	1 Yr. TSR	3 Yr. TSR	5 Yr. TSR
Cinemark	(6.2%)	7.0%	53.9%
AMC	(52.7%)	(33.2%)	N/A
Regal(1)	16.0%	20.1%	103.4%
IMAX	(26.3%)	(25.1%)	3.0%
S&P 500	21.8%	38.3%	108.1%
Theatre Peers (2)	(54.1%)	(50.9%)	41.4%

- (1) RGC stock price has been positively impacted by its all-cash acquisition by Cineworld, at a premium of 43.2% over its 30-day weighted average stock price of \$16.06.
- (2) AMC’s initial public offering occurred on December 13, 2013. For purposes of the table above, the one-year and three-year TSR for the Theatre Peers include AMC, RGC and IMAX and the five-year TSR for the Theatre Peers only includes RGC and IMAX.

Our cumulative total return between FYE 2012 and FYE 2017 as compared to our Theatre Peers and S&P 500 is presented below.

COMPENSATION PHILOSOPHY

Our compensation philosophy is designed to recognize and reward contributions of all employees, including our executives. In addition to performance-driven compensation, we offer competitive annual base salary and a comprehensive benefits package. We believe our compensation practices motivate our employees to build long-term stockholder value. In keeping with this philosophy, our executive compensation program is designed to:

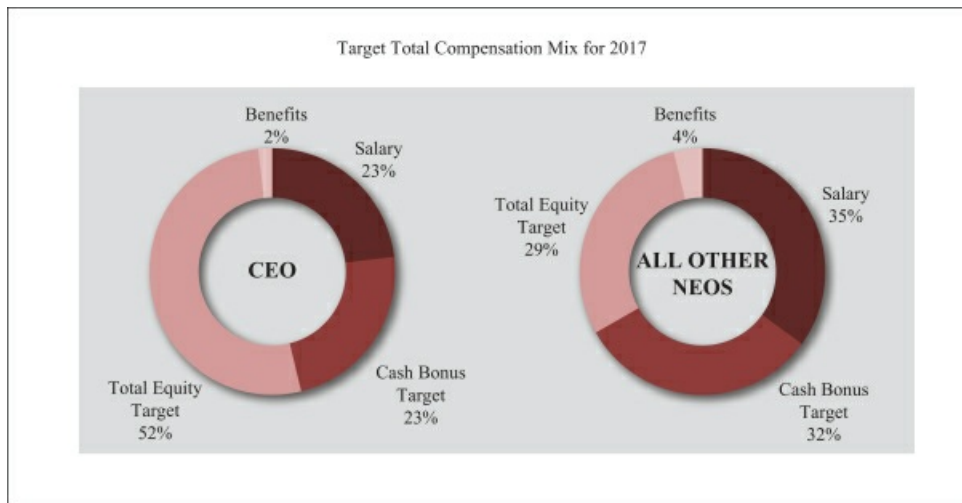

- Attract and retain top talent by competing effectively for the highest quality people who will determine our long-term success;
- Pay-for-performance by aligning compensation with the achievement of both short-term and long-term financial objectives that build stockholder value;
- Motivate performance with appropriate risk-taking; and
- Recognize the role and responsibility of the individual in the Company’s performance

The majority of our executive compensation is in the form of compensation that is variable and “at-risk”

A core principle of our executive compensation program is to provide a significant percentage of the total compensation as variable, performance-based and “at-risk” balanced with the nature and responsibility of the position. This ensures executive compensation is tied to the financial success of the Company and the performance of our Common Stock. The presentations below show the percentage of performance-based compensation of the target total compensation for Mr. Zoradi and for our other NEOs as a group, for 2017.

The mix of the variable and fixed components of compensation for the NEOs for 2017 were as follows:

	Variable Components	Fixed Components
CEO	75%	25%
All NEOs (except CEO)	61%	39%

[Table of Contents](#)

Our executive compensation program reflects a strong pay-for-performance alignment including individual contributions to Company and business unit performance

Our incentive programs, both short and long-term, are structured to ensure that target payouts are achieved based on goals that continue to encourage performance that exceeds industry standards. The combination of performance-focused elements of our compensation program and retention enables us to deliver long-term value creation for our stockholders.

Cash Bonus:

Cash bonus for the year is based not only on the Company achieving pre-set goals but also on individual targets which are consistent with the role, responsibilities and performance of the individual in the prior years. Accordingly, target bonus percentages vary among the NEOs. The target cash bonus for Messrs. Mitchell and Zoradi are higher than that of the other NEOs and that for Mr. Fernandes is based 50% on the performance of our international segment. Also, in 2017, Mr. Gamble's target cash bonus was increased due to his performance the past couple of years since his hiring in 2014, market norms and internal pay equity.

The cash bonus weightings and the individual targets (as percentages of base salaries) for 2017 and the individual targets for 2016 for each of the NEOs is provided in the following table.

NEO	Bonus Weighting		Target (% of Base Salary)	
	Worldwide	Corporate International	2017	2016
Lee Roy Mitchell	100%	-	100%	100%
Mark Zoradi	100%	-	100%	100%
Sean Gamble	100%	-	85%	75%
Michael Cavalier	100%	-	85%	85%
Valmir Fernandes	50%	50%	85%	85%

We consistently encourage performance and strive to outperform our peers. To support this performance-driven culture that strives to “raise the bar” and drive accountability, for 2017, the Compensation Committee raised the level of Company achievement for maximum payout of the cash bonus to 108% of target Adjusted EBITDA from 105% of target Adjusted EBITDA for 2016. For Mr. Zoradi, the level for his maximum payout for 2017 was further raised to 110% of the target Adjusted EBITDA compared to 108% for all other NEOs.

Given the varying individual target cash bonus opportunities and differentiated levels of maximum payouts, Mr. Zoradi received 139% and Mr. Fernandes received 124.7% of their respective target cash bonus payouts while each of Messrs. Mitchell, Gamble and Fernandes received 148.8% of their respective targets.

Long-term Equity Incentive Awards:

Long-term equity incentive awards also encourage performance and alignment with long-term stockholder interests. The realizable value of our long-term equity incentive awards is tied to Company stock price at a future date and Company performance over a period of time. Long-term equity incentive awards are commensurate with individual's position within the Company, however, Mr. Mitchell does not receive any long-term equity incentive award due to his substantial ownership as the founder of the Company.

The long-term equity incentive awarded to all NEOs has historically been split 50% between time-based restricted stock and performance-based restricted stock units. However, in 2017, the Compensation Committee split Mr. Zoradi's long-term equity incentive award at the target level as 75% performance-based restricted stock units and 25% as time-based restricted stock.

Table of Contents

To better align with our compensation philosophy and evolving market competitive rates, the target long-term equity incentive awards (as percentages of base salary) were increased for Messrs. Zoradi, Gamble and Cavalier and were as follows for all NEOs:

NEO	Percentage of Base Salary	
	2017	2016
Lee Roy Mitchell	N/A	N/A
Mark Zoradi ⁽¹⁾	225%	200%
Sean Gamble	150%	125%
Michael Cavalier	135%	125%
Valmir Fernandes	125%	125%

(1) In 2016, Mr. Zoradi was awarded a special equity grant of performance shares issued as restricted stock units (\$400,000) for his service as the CEO in 2015. The percentage for 2016 does not include the value of the special grant.

Additionally, the Compensation Committee raised the IRR goals for the 2017 performance-based awards from those for the 2016 awards. The IRR goals for the 2017 performance-based awards, as compared to those for the 2016 awards, are as follows with straight-line interpolation used to determine payout between threshold, target and maximum goals:

Performance Metric and Payout	Goals		
	Threshold	Target	Maximum
IRR	2017	7.0%	13.0%
	2016	6.0%	10.0%
Percentage of Individual Target Payout	50%	100%	150%

We attract and retain top talent while driving above-industry performance

Our employees are our most valuable asset. The majority of our executives have been with the Company for many years and have significant industry experience. Retention is therefore a key objective of our compensation package and we set a competitive target compensation based on surveys of industry peers. See *The Process of Setting Executive Compensation – Use of Peer Review in Setting Our Executive Compensation* on page 33 for a discussion of the Company's peer review of compensation. To better align with market median standards, the Compensation Committee approved the following base salaries for 2017, and increases from 2016, for each of the NEOs:

NEO	Base Salary		Change
	2017	2016	
Lee Roy Mitchell	\$ 958,645	\$ 930,723	3%
Mark Zoradi	\$ 950,000	\$ 816,000	16%
Sean Gamble	\$ 525,000	\$ 482,040	9%
Michael Cavalier	\$ 500,000	\$ 462,264	8%
Valmir Fernandes	\$ 508,000	\$ 493,782	3%

We align executive wealth with long-term performance of the Company

Stock Ownership Guideline. In 2017, our Board adopted the Guideline which applies to the NEOs and all officers with the title of Executive Vice President. Under the Guideline, the CEO has to retain Common Stock ownership equal in value to at least five times his base salary and the other applicable executives must retain ownership equal in value to at least two times their respective base salaries. Each executive officer must satisfy his or her applicable Guideline level within five years from the adoption of the Guideline. The Common Stock

Table of Contents

that count towards satisfaction of the Guideline include Common Stock owned outright, Common Stock held in trust for the benefit of the executive officer or his or her family member residing in the same household, unvested restricted stock and unvested performance-based awards that have been earned based upon certification by the Compensation Committee but are subject to further time-based vesting.

Anti-Pledging; Anti-Hedging: We prohibit our NEOs and those employees covered by the Supplemental Insider Trading Policy to trade in puts, calls or other derivative securities with respect to Company securities and short sales of Company securities. The covered employees may not also hold Company securities in a margin account, and may not, without prior approval, pledge Company securities as collateral for any other loan (unless the covered person can clearly demonstrate the financial capacity to repay the non-margin loan without resorting to the pledged securities). Our Supplemental Insider Trading Policy also prohibits certain forms of hedging transactions, such as zero-cost collars and forward sale contracts.

Double-Trigger: The Company has entered into employment agreements with the NEOs that include compensation in the event of a change in control. The change in control payment provision is subject to a “double trigger” acceleration which we believe is in the best interest of the Company. Payout upon a change in control will occur only if the NEO’s employment is involuntarily terminated, without cause, or where the NEO terminates employment for good reason, within one year of the change in control event.

We limit perks

We provide very limited perks. We provide benefits and perquisites to our NEOs that are substantially the same as those offered to our other employees at or above the level of Vice President. The perquisites that may be available in addition to those available to our other employees are of *de minimis* amounts except our reimbursement of Mr. Zoradi for certain personal expenses, pursuant to his employment agreement, in the amount of \$30,000 annually.

We sponsor a defined contribution savings plan, or 401(k) Plan, whereby certain employees may elect to contribute, in whole percentages between 1% and 50% of such employee’s cash compensation, provided no employee’s elective contribution shall exceed the amount permitted under Section 402(g) of the Code (\$18,000 for 2017, \$18,000 for 2016 and \$18,000 for 2015). In 2017, participants over the age of 50 could contribute an additional \$6,000.

In 2017, we made an annual discretionary matching contribution up to a maximum of 5.25% of the employee’s annual cash compensation to the 401(k) Plan, subject to the limits specified by Section 402(g) of the Code. In 2017, our annual discretionary matching contribution was 100% up to 3% and 75% for the remaining 3% of the employee’s contribution. Beginning 2017, our discretionary matching contributions are paid quarterly and vest immediately.

THE PROCESS OF SETTING EXECUTIVE COMPENSATION

Role of the Compensation Committee and the Compensation Consultant. The Compensation Committee oversees and provides strategic direction to management regarding all aspects of our pay program for senior executives. It sets the compensation of the CEO and the non-CEO NEOs. If deemed appropriate, the Compensation Committee advises the Board of its determination of the compensation of the CEO and certain other executive officers, prior to its implementation. But, while the Compensation Committee may consider input provided by the Board, the compensation decisions and determinations are made solely by the Compensation Committee.

During 2017, the Compensation Committee continued to engage Pearl Meyer as its independent compensation consultant. The Compensation Committee determined the independence of Pearl Meyer using the NYSE listing standards regarding independence of compensation consultants. Pearl Meyer evaluates the competitiveness of the design of the Company’s executive compensation program, including that for directors

Table of Contents

and recommends appropriate changes; reviews the competitiveness of the compensation of individual NEOs and certain other executive officers; evaluates market pay data and competitive-positioning; provides analyses and inputs on program structure, performance measures, and goals; provides updates on market trends and the regulatory environment as it relates to executive compensation; reviews various management proposals presented to the Compensation Committee related to executive compensation and provides objective analysis and recommendations; and works with the Compensation Committee to validate and strengthen the pay-for-performance relationship and alignment with stockholder interests. Pearl Meyer does not perform other services for Cinemark, and will not do so without the prior consent of the Compensation Committee. Pearl Meyer meets with the Compensation Committee, outside the presence of management, in executive sessions.

Role of Management and the CEO in Setting Executive Compensation. The Compensation Committee solicits the views of our CEO when making compensation decisions for his direct reports. The CEO may also provide input to the Compensation Committee regarding performance metrics and the setting of appropriate performance targets for executives who report directly to him. The CEO however, does not make recommendations to the Compensation Committee about his own compensation and none of our executive officers are involved in the Compensation Committee's determination of their own compensation.

Use of Peer Review in Setting Our Executive Compensation. The Compensation Committee believes the management team's compensation should be aligned to similarly situated executives within a peer group of companies in order to attract, retain and motivate the highest caliber executive management team critical to our long-term success. While we do not rely solely on benchmark compensation to establish target pay levels, Pearl Meyer conducts a review, annually, of the compensation programs of peers selected based on size appropriate comparators operating in entertainment and retail industries (the "Peer Group"). We believe the resulting peer group provides the Compensation Committee with a valid comparison for the Company's executive compensation program. In 2017, our Peer Group remained the same as for 2016. A blended market data using the most recent proxy data and survey information provided by Pearl Meyer was used by the Compensation Committee to determine 2017 compensation for each of the NEOs.

Our Peer Group for 2017 were as follows:

AMC Entertainment Holdings, Inc.	IMAX Corporation
AMC Networks Inc.	Lions Gate Entertainment Corp.
Brinker International, Inc.	Live Nation Entertainment, Inc.
Carmike Cinemas, Inc.	Panera Bread Company
Cineplex, Inc.	Regal Entertainment Group
Discovery Communications, Inc.	Scripps Networks Interactive, Inc.
DreamWorks Animation SKG Inc.	Six Flags Entertainment Corporation

DESIGN OF OUR EXECUTIVE COMPENSATION PROGRAM

The design of our executive compensation program is consistent with the compensation structure used in our industry:

- base salary;
- performance-based cash bonus;
- long-term equity incentive awards;
- standard benefits; and
- limited perks

[Table of Contents](#)

Base salary and benefits are the only fixed components of our compensation program. Cash bonus and long-term equity incentive awards are the variable/performance-based components of our compensation. We believe the allocation between fixed and variable/ performance-based components offers a competitive compensation program while appropriately mitigating risk.

The following chart summarizes the components and associated objectives of our executive compensation program:

Pay Element		Objective	Performance Metric and Payment
Fixed	Annual	Base Salary	Fixed pay to recognize individual's role and responsibilities Individual performance and market competitiveness
Variable	Annual	Annual Cash Bonus	Achieve annual goals measured in terms of financial performance Adjusted EBITDA @Threshold, Target, Maximum Pro rata payment
	Long-Term	Restricted Stock	Retain executive talent Increase in value of Common Stock Time-based; 4 year vesting
		Restricted Stock Units	Align NEO's interests with stockholders; long-term Company growth IRR Pro rata payment based on 2 year Company performance + 2 year service

ANALYSIS OF THE DESIGN OF OUR EXECUTIVE COMPENSATION PROGRAM

Fixed Components

Base Salary:

Base salary component of our compensation program is designed to attract and retain key talent. Base salaries are determined by the Compensation Committee based on a variety of factors including:

- Nature and responsibility of the position;
- Expertise of the executive and competition in the market for the executive's services;
- Potential for driving the Company's success in the future;
- Peer Group compensation data;
- Performance reviews and recommendations of the CEO (except in the case of his own compensation); and
- Other judgmental factors deemed relevant by the Compensation Committee

The Compensation Committee has not adopted any formula with specific weightings assigned to any of the factors above.

The Company has employment agreements with each NEO. Under the employment agreements, the base salaries are subject to annual review by the Compensation Committee and can be increased but not decreased.

Variable Components/Performance Compensation

The awards for 2017, as discussed in this proxy statement, for cash bonus and long-term equity incentive were made pursuant to the Cinemark Holdings, Inc. Performance Bonus Plan (the "Bonus Plan") and

Table of Contents

the 2006 Amended and Restated Long Term Incentive Plan (the "Incentive Plan") respectively. Both the Bonus Plan and the Incentive Plan have been replaced by the 2017 Omnibus Plan (the "Omnibus Plan") which the stockholders approved effective May 25, 2017. Therefore, all cash bonus and long-term equity incentive awards beginning May 25, 2017 have, and will be, awarded pursuant to the Omnibus Plan.

Cash Bonus:

We provide participants to our Bonus Plan an opportunity to earn a cash bonus tied to annual Company performance, measured against pre-established performance metrics set for the year by the Compensation Committee. This opportunity is intended to compensate participants for achieving short-term financial and operational goals of the Company with individual targets based on the participant's position and potential contribution to the achievement of the Company's goals. The goals are established in writing by the Compensation Committee, with the expectation that attainment of these goals would require significant effort in light of the current business environment.

How does the cash bonus program work?

In order to qualify the cash bonus as fully tax deductible to the Company per Section 162(m) of the Code, the Compensation Committee sets the Company's target performance metric for the year and the target cash bonus for each NEO (as a percentage of base salary) before the end of the first 90 days of the year.

A participant's target cash bonus is a percentage of his/her base salary. In setting the target cash bonus percentages of each NEO, the Compensation Committee takes into consideration the Peer Group data and such other factors as deemed relevant, such as the individual's potential contribution to the Company's performance, the individual's prior performance, overall market conditions, market variables in a specific sector, and recommendations from the CEO (except for himself).

Each participant is entitled to receive a ratable portion of the participant's target cash bonus based upon the Company's level of achievement, within the range of threshold and maximum percentages, of the target performance metric set by the Compensation Committee. The actual amount of cash bonuses paid, if any, may result in a cash bonus that is greater or less than the stated individual target (and could be zero) depending on whether, and to what extent, the applicable performance metric and other conditions are satisfied.

How does the Compensation Committee set the Company's pre-established performance metric?

Although our Bonus Plan permits the consideration of various performance metrics for the year, the Compensation Committee has set performance goals in terms of Adjusted EBITDA which is regarded as a key performance determinant of a company in our industry and highly correlated to long-term stockholder value.

The Adjusted EBITDA goals are set based on Company's approved annual budget.

At the end of the year, in order to determine the level of cash bonus, Adjusted EBITDA is adjusted for the following factors:

1. Addbacks for severance, cash bonus accruals and other unusual expenses such as accounting changes;
2. Variance between the actual North American industry box office and the industry forecast used to set the Adjusted EBITDA target at the beginning of the year; and
3. Foreign currency exchange volatility

The North American industry box office performance meaningfully impacts our Adjusted EBITDA due to its effect on attendance-driven revenues and costs. However, the Compensation Committee recognizes that

Table of Contents

this factor is largely outside the Company's control. The Compensation Committee, therefore, may modify the Adjusted EBITDA target (up or down) to address the industry box office performance. Additionally, Adjusted EBITDA is impacted by foreign exchange volatility which affects the translation of local currency Adjusted EBITDA of our Latin America business, into U.S. dollars. Foreign exchange can vary significantly relative to our assumptions and, similar to North American industry box office, is subject to non-performance related factors. As such, to limit the non-forecasted impact of foreign exchange, the Compensation Committee has adopted a +/-5% collar so that foreign exchange fluctuation outside of the collar would not impact payout. While cash bonus payouts for the domestic employees, including Mr. Zoradi, is based 100% on the worldwide Adjusted EBITDA, for U.S.-domiciled international team employees, including Mr. Fernandes, bonus payout is based 50% on the worldwide Adjusted EBITDA and 50% on international Adjusted EBITDA, both adjusted as discussed above including the +/-5% FX collar.

How do we measure performance and determine cash bonus payouts after the year?

Prior to making any payouts, the Compensation Committee assesses and certifies the Company's performance for the bonus year in the first quarter of the payout year which follows the bonus year. In its assessment, in addition to the adjustments discussed above, the Compensation Committee may make further adjustments as permitted by the Bonus Plan. Such adjustments include, but are not limited to, factors such as changes in accounting principles and extraordinary, unusual or non-recurring events that were not included in the operating budget for the year being considered (such as the disposition of a theatre or theatres or the cessation of operation of a theatre as a result of a natural disaster). The Compensation Committee may, in its discretion, at any time, establish (and, once established, rescind, waive or amend) additional conditions and terms of payment of the cash bonus (including, but not limited to, the achievement of other financial, strategic or individual goals, which may be objective or subjective) as it may deem desirable in carrying out the purposes of the Bonus Plan. The Compensation Committee may also take into account such other factors as it deems appropriate in administering any aspect of the Bonus Plan, including reducing the amount of the cash bonus at any time prior to payout based on such criteria as it shall determine, including, but not limited to, individual merit and the attainment of specified levels of one or any combination of the performance factors. However, the Compensation Committee cannot adjust upwards the cash bonus payable to a NEO or waive the achievement of a performance target requirement for a NEO except in the case of the death or disability of the executive or a change in control of the Company.

Cash Bonus for 2017

For 2017, the Adjusted EBITDA was set at a threshold of \$608.1 million, target was \$675.6 million and maximum was \$729.7 million.

[Table of Contents](#)

The graded scale of the payout for the 2017 cash bonus was as follows:

*Mr. Zoradi's maximum payout of 150% of his individual target was set at a higher threshold compared to other NEOs. His maximum cash bonus was set at Company achieving 110% of the target domestic Adjusted EBITDA or \$743.2 million compared to 108% for other NEOs.

The Company's actual Adjusted EBITDA, as adjusted for the variance between actual and projected North American industry box office performance and foreign currency exchange fluctuations over the established cap, for 2017 was \$728.6 million. This resulted in a payout at 148.8% of the individual target cash bonus for all participants, including Messrs. Mitchell, Gamble and Cavalier. However, given a higher goal for maximum payout, Mr. Zoradi received 139.0% of his individual target. Mr. Fernandes received 124.7% of his individual target due to the 50% split between worldwide and international Adjusted EBITDA.

Long-term Equity Incentive Compensation:

In addition to cash bonus, the Compensation Committee annually awards time-based and performance-based equity incentive compensation. Time-based equity compensation enables us to attract and retain highly qualified executive officers as leaders to ensure our continued success. Performance-based equity compensation encourages Company's long-term growth and aligns the executive's interests with the interests of our stockholders. Typically, grants to all eligible employees, including the NEOs, are made on the same day and, to avail of tax deductibility for performance-based awards, within the first 90 days of the year.

No stock options have been granted by the Company since 2004. The Compensation Committee has concluded that, at this time, time-based restricted stock and performance-based restricted stock units provide an appropriate balance between retention and performance.

The Compensation Committee determines the percentage split between time-based and performance-based awards taking into consideration various factors such as Company's performance with respect to its industry competitors on a historical basis, individual leadership, contribution of individual executive officers to Company operations, and projected state of the economy over the performance period. Historically, the equity incentive award has been split 50%/50% between time-based and performance-based awards (at the target level) with the maximum potential of the performance-based awards at 150% of the value of the time-based restricted stock award. However, as discussed above, in 2017 the Compensation Committee awarded Mr. Zoradi performance-based awards the value of which (at the target level) was 75% of his total long-term equity incentive award.

Table of Contents

Restricted Stock. Restricted stock is awarded to eligible employees as a retention incentive. Grants of restricted stock are generally based upon a percentage of the eligible employee's base salary. However, such grants could be subject to adjustment based on the individual employee's performance during the previous year. All participants to our equity plan are eligible to receive restricted stock. Restricted stock grants typically vest 50% on each of the second and fourth anniversaries of the grant date subject to continuous employment through the vest dates.

Recipients of restricted stock awards are permitted to:

- (i) receive dividends on the restricted stock to the extent dividends are paid by the Company on shares of its Common Stock, and
- (ii) to vote such Common Stock during the restriction period.

As of the Record Date, the Company's dividend rate is \$0.32 per common share per quarter.

Performance Awards. Performance awards can be granted in the form of restricted stock or restricted stock units although since 2008 the performance awards have only been granted as restricted stock units. The goals for the performance shares are based on one or more pre-established objective criteria that specify the number of shares of Common Stock covered by the performance award that will be issued (if the performance award is in the form of restricted stock unit) or shall vest (if the performance award is in the form of restricted stock) upon attaining the performance goals. After attainment of the performance goals, the underlying Common Stock is subject to additional time-based vesting conditions. Any dividends that are attributable to the underlying Common Stock relating to a restricted stock unit performance-based award will be accrued and paid to the recipient when the vesting conditions are satisfied.

Currently the performance goal is based on an implied equity value concept that measures the change in an IRR during a performance period. For restricted stock units granted from 2008 until 2013, the performance period was a three-year period with an additional one-year service requirement. Beginning in 2014, the Compensation Committee changed the performance period to a two-year period with an additional two-year service requirement. This change of the performance period was based on an annual re-evaluation of the Company's growth, strategic plan and results delivered in the past years.

The implied equity value is based on a valuation model utilizing a multiple of Adjusted EBITDA (subject to certain specified adjustments) and other factors that produce a fundamental valuation of Cinemark equity. IRR represents the growth in this implied equity value during the performance period. The structure of the performance award program is similar to that of cash bonus. Each performance target underlying the performance awards has a threshold, target and maximum level and vest on a pro rata basis according to the IRR achieved during the performance period, with the maximum level equal to 150% of the individual's target. The target IRR goal for the performance-based award is set by the Compensation Committee based on projected value creation with a substantial degree of difficulty to attain the performance level. The IRR for the performance period is calculated applying a 7.5% cap for fluctuation in foreign currency translation adjustments. The targets for the current year are established by the Compensation Committee within the first 90 days of the year. The number of shares of Common Stock an executive may receive upon the attainment of a performance goal cannot be determined at the date of grant because the payment of such compensation is contingent upon attainment of the IRR. If, at the end of the performance period, the Compensation Committee certifies that the performance target has been met, the shares of Common Stock underlying the restricted stock units are subject to an additional time-based vesting restriction contingent upon the employee's continued service until the vest date. Straight-line interpolation is used to determine payout between threshold, target and maximum goals. As an example, if the Company achieves an IRR equal to 11%, the number of restricted stock units that will vest will be greater than the target but less than the maximum number that would have vested had the Company achieved the highest IRR.

Equity Incentive Compensation Awarded in 2017

In 2017, Mr. Zoradi’s long-term equity incentive award consisted of 75% performance-based restricted stock units and 25% time-based restricted stock for the total value of the equity award at 225% of his target total compensation for 2017.

The equity-based compensation for Messrs. Gamble, Fernandes and Cavalier remained at target with a 50% split between time-based restricted stock and performance-based restricted stock units.

The Compensation Committee reviews the IRR hurdle rates annually to reflect changes in the industry and better align with long-term expectations. Based on that review, the Compensation Committee set the IRR goals for 2017.

The IRR goals and the target payouts for the 2017 performance-based equity incentive grants were as follows:

The performance period for the 2017 grants is from January 1, 2017 to December 31, 2018. Once the Compensation Committee certifies the IRR achieved for the performance period, the award recipient must still satisfy an additional two-year service period until the anniversary of the grant date in February 2021.

IRR Certification for 2016 RSU Grant. On February 14, 2018, the Compensation Committee certified the IRR level of 7.2% was achieved by the Company for the vesting of the performance-based awards (in the form of restricted stock units) granted on February 19, 2016 (the “2016 Grant”). The performance period for the 2016 Grant was from January 1, 2016 to December 31, 2017. Based upon the IRR level achieved, the Compensation Committee determined that 86% of the target opportunity would vest for each grantee, subject to continuous employment through February 19, 2020. The following table provides the number of shares of Common Stock that are expected to vest for each of the NEOs in 2020:

Name	Restricted Stock Units to Vest
Mark Zoradi	35,617
Sean Gamble	8,823
Michael Cavalier	8,462
Valmir Fernandes	9,038

Compensation Risk Assessment

Our compensation program is designed to mitigate compensation related risk to the Company, both from a financial as well as from a reputational perspective. The Compensation Committee monitors whether the

Table of Contents

Company's compensation programs encourage unnecessary or excessive risk taking. Upon such consideration the Compensation Committee has concluded that the Company's compensation programs do not create risks that are reasonably likely to have a materially adverse effect on the Company. Below are some of the highlights of the Company's compensation program which mitigate risks associated with compensation:

- Balance of short and long-term growth and return objectives to reward overall performance without over-emphasizing a singular factor;
- Measuring performance against objective financial metrics that link to the creation of value for our stockholders;
- Linking vest of a significant portion of long-term equity incentive awards to performance over a period of time (with overlapping performance periods);
- Validating pay-for-performance on an annual basis by stockholders; and
- Compensation Committee having discretion to reduce but not adjust upward or waive achievement of performance targets for the cash bonus

Compensation Committee Report

The Compensation Committee has reviewed and discussed the CD&A as required by Item 402(b) of Regulation S-K with management and, based on such review and discussion, the Compensation Committee recommended to the Board that the CD&A be included in this proxy statement and incorporated by reference in the Company's 2017 Form 10-K, and the Board has approved the recommendation.

(2) Mr. Fernandes' target cash bonus is calculated based on the average of worldwide and international Adjusted EBITDA. In 2015, despite a record-setting performance, the international segment's Adjusted EBITDA was adversely affected by the unusual foreign exchange translation adjustments occurring due to the substantial unforeseen currency devaluations across our Latin America operations. As a result, the portion of Mr. Fernandes' cash bonus which was based on the international segment's Adjusted EBITDA was impacted negatively. Had the currency impact been excluded, the portion of Mr. Fernandes' cash bonus based on the international segment's Adjusted EBITDA would have resulted in a payout of 150% of his individual target. Consequently, following our compensation philosophy of pay for performance, the Compensation Committee awarded Mr. Fernandes a discretionary bonus of the reported amount to adjust the portion of the cash bonus that was subject to the international segment's Adjusted EBITDA to its maximum level. After the adjustment, Mr. Fernandes's total cash bonus was 150% of his individual target level, consistent with other NEOs.

(3) The reported amounts reflect the aggregate grant date fair values of the long-term equity incentive awards, at target as the most probable outcome, computed in accordance with FASB ASC Topic 718. The amounts shown exclude the impact of estimated forfeitures. See footnote 14 to the Company's 2017 Form 10-K for a discussion of the assumptions used in determining the grant date fair values of these long-term equity incentive awards, including forfeiture assumptions and the period over which the Company will recognize compensation expense for such awards.

The long-term equity incentive awards granted were restricted stock and restricted stock units. Similar to previous years, Mr. Mitchell was not awarded any equity due to his substantial equity ownership in the Company.

The grant date fair values were calculated based upon the closing price of Common Stock on February 14, 2017 of \$42.37, February 19, 2016 of \$29.36, and March 18, 2015 of \$43.28 per share. The grant date fair value of the restricted stock granted to Mr. Zoradi in 2015 when he joined the Board as a director was based upon the closing price of Common Stock on June 15, 2015 of \$41.63 per share.

CEO Pay Ratio for 2017:

As a result of the recently-adopted rules under the Dodd-Frank Wall Street Reform and Consumer Protection Act, beginning with our 2018 proxy statement, the SEC requires annual disclosure of the ratio of the median of the annual total compensation of all of our employees (excluding the CEO) to the annual total compensation of our CEO, Mr. Zoradi.

We determined our median employee based on our employee population as of October 1, 2017 (the “Determination Date”) after excluding the employee populations of certain jurisdictions comprising 4.9% of our total employees as permitted by the *de minimis* exception of the applicable rules. The jurisdictions that were excluded, including the number of employees approximately in each such jurisdiction, are Costa Rica (187), Curacao (48), Ecuador (334), Guatemala (70), Nicaragua (32), Paraguay (86) and Peru (624), and together comprised 1,382 employees. As of the Determination Date, the total number of employees without the *de minimis* exception was approximately 28,339 employees and with the exception, approximately 26,957 employees.

To identify the median employee (excluding the CEO), we used the total cash compensation paid in 2017 to each of the 26,957 employees, whether employed on a full-time, part-time, seasonal or temporary basis. The cash compensation included base salary, cash bonus and benefits, the three most consistently applied compensation measures at Cinemark. We do not widely distribute long-term incentive awards so it was not included in the calculation of total compensation. We annualized the compensation for salaried new hires and salaried employees who were on a leave of absence by taking an employee’s compensation for the number of bi-weekly pay periods for which they were employed or actively employed and annualizing such amount for the full year of 26 pay periods. Except for the annualization as described, we did not make any assumptions, adjustments, or estimates with respect to total cash compensation.

Our median employee was identified as a Theatre Usher in the U.S. who is an hourly employee and worked approximately 535 hours during 2017. After identifying the median employee, we calculated annual total compensation for such employee using the same methodology we use for Mr. Zoradi as set forth in the Summary Compensation Table for 2017 above.

Mr. Zoradi’s annual total compensation for 2017 was \$4,489,820 as reflected in the Summary Compensation Table for 2017. Our median employee’s total compensation for 2017 was \$5,971. As a result, we estimate that Mr. Zoradi’s annual total compensation was approximately 752 times that of our median employee.

This pay ratio is a reasonable estimate calculated in a manner consistent with the applicable rules. The rules allow companies to adopt a variety of methodologies, apply certain exclusions, and make reasonable estimates and assumptions that reflect their compensation practices. Therefore, the pay ratio reported by other companies may not be comparable to the pay ratio reported above.

Discussion of the Terms of the Employment Agreements with our NEOs

We have employment agreements with our NEOs. Consistent with our compensation philosophy, the Company entered into the employment agreements to more closely align the compensation of certain executive officers with market competitive compensation.

Below is a summary of the key provisions of the current employment agreements of our NEOs.

Term

On February 20, 2018, the Company elected to extend the term of Mr. Zoradi's employment agreement to December 31, 2019.

The initial terms of the employment agreements of Messrs. Mitchell, Gamble, Fernandes and Cavalier is three years. At the end of each year, the term is extended for an additional one-year period unless the NEO's employment is terminated.

Base salary

The base salaries are subject to review each year by our Compensation Committee for increase (but not decrease).

Cash Bonus

In addition to base salaries, the NEOs are eligible to receive a cash bonus upon the Company meeting certain performance targets set by the Compensation Committee for the year. Mr. Zoradi's target cash bonus shall not be less than 100% of his base salary and the maximum target shall not be less than 150% of his base salary.

Long-term Equity Incentive Awards

The NEOs are entitled to participate in and receive grants of long-term equity incentive awards. Mr. Zoradi's long-term equity incentive awards must be at least 200% of his base salary.

Benefits

The NEOs qualify for our 401(k) matching program and are also entitled to certain additional benefits including life insurance and disability insurance. Pursuant to his employment agreement, Mr. Mitchell is entitled to life insurance benefits of not less than \$5 million and disability benefits of not less than 66% of his base salary.

Perquisites

Under his employment agreement, Mr. Mitchell is entitled to a luxury automobile and a membership at a country club. Currently, Mr. Mitchell does not have a luxury automobile or a country club membership paid for by the Company.

Unless Mr. Mitchell's employment is terminated by us for cause or under a voluntary termination, Mr. Mitchell will also be entitled to, for a period of five years, tax preparation assistance upon termination of his employment.

Table of Contents

Mr. Zoradi is entitled to receive an annual allowance of \$30,000 for personal travel and living expenses, reduced by standard withholding and other authorized deductions.

The employment agreements of Messrs. Zoradi, Gamble, Fernandes and Cavalier provide that unless the executive's employment is terminated by us for cause the executive will be entitled to office space and support services for a period of not more than three (3) months following the date of any termination.

Covenants

All the employment agreements contain various covenants, including covenants related to confidentiality and non-competition (other than certain permitted activities as defined therein). In addition, Mr. Mitchell's employment agreement has a covenant of non-solicitation (as defined in the employment agreement). All non-compete covenants have a term of one year after termination of the executive's employment. However, if employment is terminated for Good Reason (as defined in the employment agreements), the covenant of non-competition becomes null and void. The non-solicitation covenant in Mr. Mitchell's employment agreement has a term of three years after termination of Mr. Mitchell's employment.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires the Company's directors and executive officers, and persons who own more than 10% of a registered class of the Company's equity securities, to file with the SEC initial reports of ownership and reports of changes in ownership of Common Stock and other equity securities of the Company.

These insiders are required by SEC regulations to furnish the Company with copies of all Section 16(a) forms they file, including Forms 3, 4 and 5. Based solely on its review of the copies of such reports, the Company believes that each of its directors and executive officers has complied with the applicable reporting requirements for transactions in the Company's securities during 2017.

CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS

Our Board has adopted a written policy supplementing our Code of Business Conduct and Ethics relating to the review, approval and ratification of transactions between us and "related parties" as generally defined by applicable rules under the Securities Act of 1933, as amended. The policy covers any related party transaction in which the amount involved exceeds \$120,000. Our Board has determined that the Audit Committee is best suited to review and approve related party transactions, although in certain circumstances the Board may determine that a particular related party transaction be reviewed and approved by a majority of disinterested directors. In reviewing and approving a related party transaction, the Audit Committee, after satisfying itself that it has received all material information regarding the related party transaction under review, shall approve based upon the determination whether the transaction is fair and in the best interest of the Company.

Management presents any proposed related party transaction at an Audit Committee meeting for review and approval. If management becomes aware of a proposed or existing related party transaction that has not been presented or pre-approved by the Audit Committee, management shall promptly notify the Chair of the Audit Committee who shall submit such related party transaction to the full Audit Committee for approval or ratification, if the Audit Committee determines that such transaction is fair to the Company. If management, in consultation with our CEO, CFO or General Counsel determines that it is not practicable to wait until the next Audit Committee meeting, the Chair of the Audit Committee has been delegated the authority to review, consider and approve any such transaction. In such event, the Chair of the Audit Committee shall report any related party transaction approved by him or her at the next Audit Committee meeting. The Audit Committee may establish guidelines it determines as necessary and appropriate for management to follow in dealings with related parties and related party transactions. The procedures followed in considering a related party transaction are evidenced in the resolutions and minutes of the meetings of the Audit Committee or Board, as applicable.

Certain Agreements

Laredo Theatre

We manage theatres for Laredo Theatre, Ltd., ("Laredo"). We are the sole general partner and own 75% of the limited partnership interests of Laredo. Lone Star Theatres, Inc. ("Lone Star") owns the remaining 25% of the limited partnership interests in Laredo and is 100% owned by Mr. David Roberts, Lee Roy Mitchell's son-in-law. Under the agreement, management fees are paid by Laredo to us at a rate of 5% of annual theatre revenues up to \$50 million and 3% of annual theatre revenues in excess of \$50 million. We recorded approximately \$0.6 million of management fee revenue from Laredo during 2017. As the sole general partner and the majority limited partner of Laredo, we control the affairs of the limited partnership and have the rights to dissolve the partnership or sell the theatres. We also have a license agreement with Laredo permitting Laredo to use the "Cinemark" service mark, name and corresponding logos and insignias in Laredo, Texas.

Copper Beech LLC

Effective September 2, 2009, Cinemark USA, Inc. ("CUSA"), a wholly-owned subsidiary of the Company, entered into an Aircraft Time Sharing Agreement (the "Aircraft Agreement"), with Copper Beech Capital, LLC, a Texas limited liability company (the "Operator"), for the use of an aircraft and flight crew on a time sharing basis. Lee Roy Mitchell, our Chairman of the Board, and his wife, Tandy Mitchell own the membership interests of the Operator. Prior to the execution of the Aircraft Agreement, the Company had an informal agreement with the Operator to use, on occasion, a private aircraft owned by the Operator. The private aircraft is used by Mr. Mitchell and other executives who accompany Mr. Mitchell to business meetings for the

Company. The Aircraft Agreement specifies the maximum amount that the Operator can charge the Company under the applicable regulations of the Federal Aviation Administration for the use of the aircraft and flight crew. The Company pays the Operator the direct costs and expenses related to fuel, pilots, landing fees, storage fees, insurance obtained for the specific flight, flight planning, weather contract services and expenses such as in-flight food and beverage services and passenger ground transportation incurred during a trip. For 2017, the aggregate amounts paid to Copper Beech LLC for the use of the aircraft was approximately \$0.13 million.

Family Relationships

Tandy Mitchell, wife of Mr. Mitchell, is an employee of the Company. Ms. Mitchell received total compensation of \$198,252 for 2017. Such amount included base salary of \$128,587, cash bonus of \$47,834 and all other compensation of \$21,831.

Walter Hebert III, brother-in-law of Mr. Mitchell, is the Executive Vice President – Purchasing of the Company. Mr. Hebert received total compensation of \$588,915 for 2017. Such amount included base salary of \$275,000, cash bonus of \$163,680, grant date fair market value of restricted stock of \$100,000 and all other compensation of \$50,235.

Century Theatres

Our subsidiary, Century Theatres, currently leases 14 theatres and one parking facility from Syufy Enterprises or affiliates of Syufy Enterprises. Raymond Syufy, one of our directors, is an officer of the general partner of Syufy Enterprises. All of the leases except one have fixed minimum annual rent. The remaining lease has rent based upon a specified percentage of gross sales as defined in the lease with no minimum annual rent. For 2017, we paid approximately \$22.5 million in rent for these leases.

Director Nomination Agreement

Under the Director Nomination Agreement which we entered into on April 9, 2007 with certain of our then current stockholders, the Mitchell Investors (as defined in the Director Nomination Agreement) have a right to designate two nominees to the Board and Messrs. Mitchell (Class III) and Sepulveda (Class II) are its current nominees.

QUESTIONS AND ANSWERS ABOUT THE ANNUAL MEETING AND VOTING

What is the purpose of holding the Annual Meeting?

We are holding the Annual Meeting to elect three Class II directors, to ratify the selection of Deloitte as our independent registered public accounting firm for 2018 and to hold a non-binding, advisory vote on our 2017 executive compensation. Our Governance Committee has recommended the nominees to our Board and our Board has nominated the nominees. Our Audit Committee has appointed Deloitte as our independent registered public accounting firm for 2018 and our Board has ratified the appointment. Our Compensation Committee has approved our executive compensation program and the Board has recommended that the stockholders vote to approve our executive compensation program and the compensation paid to our NEOs for 2017. If any other matters requiring a stockholder vote properly come before the Annual Meeting, those stockholders present at the Annual Meeting and the proxies who have been appointed by our stockholders will vote as they deem appropriate.

What is the Record Date and what does it mean?

The Record Date for the Annual Meeting is March 29, 2018. The Record Date is established by the Board as required by Delaware law. Owners of record of Common Stock at the close of business on the Record Date are entitled to:

- (a) receive notice of the Annual Meeting, and

Table of Contents

- (b) vote at the Annual Meeting and any adjournments or postponements of the Annual Meeting.

What is the difference between a stockholder of record and a stockholder who holds stock in street name?

(a) *Stockholder of record:* If your shares are registered in your name with our transfer agent, EQ, you are a stockholder of record with respect to those shares. As a stockholder of record, you have the right to grant your proxy directly to us or to a third party, or to vote in person at the Annual Meeting.

(b) *Stockholder who holds stock in street name:* If your shares are held by a broker or by a bank, you are considered to be a beneficial owner of shares held in “street name.” As the beneficial owner, you have the right to direct your broker or bank on how to vote and you are also invited to attend the Annual Meeting. Your broker or bank, as the record holder of your shares, may exercise discretionary authority to vote on “routine” items but may not vote on “non-routine” items without your instructions.

Your broker or bank has enclosed or provided voting instructions for you to use in directing the broker or bank on how to vote your shares. Since a beneficial owner in street name is not the stockholder of record, you may not vote these shares in person at the Annual Meeting unless you obtain a “legal proxy” from the broker or bank that holds your shares, giving you the right to vote the shares at the Annual Meeting.

How many shares must be present to hold the Annual Meeting?

A majority of our outstanding Common Stock as of the Record Date must be present at the Annual Meeting in order to hold the Annual Meeting and conduct business. This is called a “quorum.” Unless a quorum is present at the Annual Meeting, no action may be taken at the Annual Meeting except the adjournment thereof until a later time. Shares are counted as present at the Annual Meeting if you are present and vote in person at the Annual Meeting, if you vote via the Internet, by telephone, by mail or if you are represented by proxy. Abstentions and “broker non-votes” are counted as present for the purpose of determining the presence of a quorum.

What is a proxy and how does the proxy process operate?

A proxy is your legal designation of another person to vote the stock you own. The person(s) that you designate to vote your shares are called proxies. Sean Gamble and Michael Cavalier of the Company have been designated as proxies for the Annual Meeting. The term “proxy” also refers to the written document or “proxy card” that you sign to authorize those persons to vote your shares.

By executing the proxy card, you authorize the above-named individuals to act as your proxies to vote your shares in the manner that you specify. The proxy voting mechanism is vitally important to us. In order for us to obtain the necessary stockholder approval of items, a quorum of stockholders must be represented at the Annual Meeting in person or by proxy. Since few stockholders can spend the time or money to attend stockholder meetings in person, voting by proxy is necessary to obtain a quorum and complete the stockholder vote. It is important that you attend the Annual Meeting in person or grant a proxy to vote your shares to assure a quorum is obtained so corporate business can be transacted. If a quorum is not obtained, we must postpone the Annual Meeting and solicit additional proxies, which is an expensive and time-consuming process.

What different methods can I use to vote?

If you are a stockholder of record, you may vote:

- *via the Internet or by telephone* — Follow the instructions shown on your proxy card. Votes submitted via the Internet or by telephone must be received by 10:59 p.m. CDT, on May 23, 2018;
- *by mail* — Complete, sign, date and return the proxy card in the postage paid envelope provided so that it is received before the Annual Meeting; or

Table of Contents

- *in person* — We will pass out written ballots at the Annual Meeting and you may deliver your completed and signed proxy card in person. Submitting your proxy or voting instructions, whether via the Internet, by telephone, or by mail will not affect your right to vote in person should you decide to attend the Annual Meeting.

If you are a beneficial holder, you may vote:

- *by instructing your bank or broker* — You should receive a voting instruction form from your bank or broker which you must return with your voting instructions to have your shares voted. If you have not received a voting instruction form from your bank or broker, you may contact it directly to provide instructions on how you wish to vote. Voting instructions submitted by beneficial owners to brokers or banks via the Internet or by telephone must be received by 10:59 p.m. CDT, on May 23, 2018; or
- *in person* — If you wish to vote in person at the Annual Meeting, you will need to obtain a “legal proxy” form from your broker or bank that holds your shares of record and you must bring that document to the Annual Meeting.

What happens if I do not give specific voting instructions?

Stockholder of Record.

If you are a stockholder of record and you do not:

- indicate when voting on the Internet or by telephone that you wish to vote as recommended by the Board; or
- sign and return a proxy card without specific voting instructions

then the proxy holders will vote your shares in the manner recommended by the Board on all matters presented in this proxy statement and as the proxy holders may determine in their discretion with respect to any other matters properly presented for a vote at the Annual Meeting.

Beneficial Owner.

If you own shares through a broker or bank and do not provide voting instructions to the broker or bank holding your shares, your broker or bank may represent your shares at the Annual Meeting for purposes of obtaining a quorum. Your broker or bank may vote your shares in its discretion on some “routine matters”. However, with respect to “non-routine matters”, your broker or bank may not vote your shares for you. With respect to these “non-routine matters”, the aggregate number of unvoted shares is reported as “broker non-votes”.

Which ballot measures are called “routine” or “non-routine”?

Under the broker voting rules of the NYSE, the ratification of the appointment of Deloitte as the Company’s independent registered public accounting firm for 2018 (Item 2) is considered a “routine” matter and the election of directors (Item 1) and the non-binding, annual advisory vote on executive compensation (Item 3) are considered “non-routine” matters.

What are broker non-votes?

If you are the beneficial owner of shares and hold stock in street name, then the broker or bank, as the stockholder of record of the shares, may exercise discretionary authority to vote your shares with respect to “routine” matters but will not be permitted to vote the shares with respect to “non-routine” matters. A broker non-vote occurs when you do not provide the broker with voting instructions on “non-routine” matters for shares owned by you but held in the name of the broker. For such matters, the broker cannot vote and reports the number of such shares as “broker non-votes.”

How are broker non-votes and abstentions treated?

Broker non-votes and abstentions are counted for purposes of determining a quorum. However, see below with regards to the effect of broker non-votes and abstentions on approval of specific agenda items.

Table of Contents

What is the voting requirement for each of the items?

Approval of Item 1: Directors are elected by a plurality voting standard. The nominees who receive the highest number of affirmative votes cast by the stockholders present in person or represented by proxy at the meeting and entitled to vote thereon will be elected. However, pursuant to the Corporate Governance Guidelines, in an uncontested election, any director nominee who receives a greater number of votes “withheld” from his or her election than votes “for” such election shall promptly tender his or her resignation from the Board and all committees of the Board following certification of the results of the Annual Meeting by the Inspector of Elections. The Governance Committee (excluding the nominee in question if applicable) would then consider the resignation offer and make a recommendation to the Board as to whether to accept or reject the resignation. Within 90 days following certification of the results of the annual meeting of stockholders, the Board will make a final determination as to whether to accept the director’s resignation. The Board’s explanation of its decision would then be promptly disclosed in a Form 8-K filed with the SEC. If a director’s resignation is rejected by the Board, the director will continue to serve for the remainder of the term for which he or she was elected and until his or her successor is duly elected, except in the event of his or her earlier death, resignation or removal. The Board believes that this voting policy promotes stability in governance by ensuring that a full slate of carefully chosen and nominated members is elected at each annual meeting of stockholders.

Under the plurality voting standard, votes marked “For” will be counted in favor of the director nominee and broker non-votes and votes withheld shall have no effect on the election of a director. However, a withheld vote could affect whether such director would be required to submit a resignation as discussed above.

Approval of Item 2: The ratification of the appointment of Deloitte requires the affirmative vote of a majority of the votes cast by stockholders present in person or represented by proxy at the Annual Meeting and entitled to vote thereon. Since this proposal is considered a “routine” matter, broker non-votes do not arise as brokers and banks may exercise discretionary authority to vote your shares. Abstentions will have no effect on this item.

Approval of Item 3: The advisory vote on executive compensation requires the affirmative vote of a majority of the votes cast by stockholders present in person or represented by proxy at the Annual Meeting and entitled to vote thereon.

How does the Board recommend I vote?

The Board recommends that you vote:

- **FOR** each of the nominees for director;
- **FOR** the ratification of the appointment of Deloitte as our independent registered public accounting firm for 2018; and
- **FOR** the non-binding, advisory vote to approve our executive compensation.

Can I revoke or change my proxy? If so, how?

You may revoke your proxy and change your vote at any time before the proxy has been exercised at the Annual Meeting.

If you are a stockholder of record, your proxy can be revoked in several ways:

- by timely delivery of a written revocation to the Company Secretary;
- by submitting another valid proxy bearing a later date; or
- by attending the Annual Meeting in person and giving the inspector of election notice that you intend to vote your shares in person.

If your shares are held in street name, you must contact your broker or bank in order to revoke your proxy. Generally, you may change your vote by submitting new voting instructions to your broker or bank, or, by attending the Annual Meeting and voting in person if you have obtained a “legal proxy” from your broker or bank giving you the right to vote your shares.

We will pay them a fee and reimburse any expenses they incur in making the distribution. Proxies will be solicited on behalf of the Board by mail, telephone, other electronic means or in person. ADDITIONAL INFORMATION

Stockholders Sharing a Common Address

If you and other residents at your mailing address own Common Stock in street name, your broker or bank may have sent you a notice that your household will receive only one proxy statement for each company in which you hold stock through that broker or bank. Nevertheless, each stockholder will receive a separate proxy card. This practice, known as "householding," is designed to reduce the Company's printing and postage costs. If

Table of Contents

you did not respond that you did not want to participate in householding, the broker or bank will assume that you have consented, and will send one copy of our proxy statement to your address. You may revoke your consent to householding by contacting your broker or bank, if you hold Common Stock in street name, or the Company's Secretary, if you are the registered holder of the Common Stock. The revocation of your consent to householding will be effective 30 days following its receipt. Upon written or oral request to the Company's Secretary at the address or telephone number provided above, the Company will deliver promptly a separate copy of this proxy statement to a stockholder at a shared address to which a single copy of this proxy statement was delivered. By written or oral request to the same address (i) a stockholder may direct a notification to the Company that the stockholder wishes to receive a separate annual report or proxy statement in the future or (ii) stockholders who are sharing an address and who are receiving delivery of multiple copies of the Company's annual reports or proxy statements can request delivery of only a single copy of these documents to their shared address.

Incorporation by Reference

The material under the headings "Compensation Committee Report," "Audit Committee Report" and the disclosure regarding independence of the members of the Audit Committee shall not be deemed to be "filed" with the SEC nor deemed incorporated into any future filing with the SEC, except to the extent that we specifically incorporate it by reference into the filing.

OTHER MATTERS

The Board knows of no other business that will be presented at the Annual Meeting. If any other business is properly brought before the Annual Meeting, proxies received will be voted in respect thereof in accordance with the recommendation of the Board. Discretionary authority with respect to such other matters is granted by the execution of the enclosed proxy.
